CITY CLERK
HONOLULU, HAWAII**Subject:** City Council Meeting Speaker Registration

I support Bill 10 because of the harmful effects plastic bags have on our island and its intricate yet delicate ecosystem. This negative effect is also due to the part imported oil plays in the making of these plastic bags. However, the negative effects of imported oil goes far beyond the environment and negatively effects the economy and its self-sufficiency. Imported oil is not only used for the making of plastic bags, but if Bill 10 is passed the amount of oil needed to be imported to Hawaii will decrease. As Hawaii begins to use less oil Hawaii will become more self-sufficient and there will be increasing economic stability within the state.
